

PIZZA GARDEN Let's Get Growing!

Growing your own pizza garden is a fun activity to do with your family! Tomatoes, basil, onions, garlic, peppers, parsley, and chives can be grown inside your home or in your backyard. You can use recycled plastic bottles as pots. Involve your whole family and use this handy Plant Observation Log to monitor your plants on a weekly basis. Show off your drawings and photos of your pizza garden and tag us on our social media to show your progress.

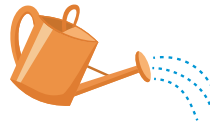

Draw a picture of your garden! ▶

What I Planted:

Week # _____

I watered my plant today:

- Monday
- Tuesday
- Wednesday
- Thursday
- Friday
- Saturday
- Sunday

Observations: _____
